第一城

国家定位：

National Orientation:

- 成渝城市群沿江城市带区域中心城市
A regional central city of Chengdu-Chongqing metropolitan area along the Yangtze River
- 全国63个综合交通枢纽之一
One of 63 comprehensive traffic hubs in China
- 全国50个铁路枢纽之一
One of 50 railway terminals in China
- 全国66个区域流通节点城市之一
One of 66 regional distribution centers in China
- 优先发展的长江经济带重要港口和航运物流中心
An important port and a shipping& logistics center of the Yangtze River Economic Belt on the priority development agenda

省委、省政府支持宜宾：

Strong support from the provincial CPC committee and provincial government:

- 建设长江上游区域中心城市
Building a regional central city in the upper reaches of the Yangtze River
- 建设四川南向开放枢纽门户
Building an open gateway to southern coastal regions
- 建成四川省经济副中心
Building a provincial economic sub-center in Sichuan
- 建成南亚东南亚和“一带一路”国家留学生基地
Building a base for foreign students from South Asia, Southeast Asia and the 'Belt and Road' countries

宜宾简介 Introduction to Yibin

宜宾地处川滇黔三省结合部，金沙江、岷江、长江三江交汇处。全市辖3区7县、一个国家级经开区——临港经开区和全省首个省级新区——三江新区，总面积13283平方公里，总人口552万，是“万里长江第一城”“中国酒都”“中华竹都”。

Yibin, located at the juncture of Sichuan, Yunnan, Guizhou provinces and also at the intersection of the Jinsha River, Minjiang River and Yangtze River, governs three districts and seven counties, one state-level economic development zone--Yibin Lin'gang Economic and Technological Development Zone, and the first-ever provincial new district in Sichuan-- Sanjiang New District, with an area of 13,283 km² and a total population of 5.52 million. It's well-known as the "First City of the Yangtze River", "City of Liquor" and "City of Bamboo" in China.

宜宾战略地位突出

Prominent strategic advantages

宜宾地处“一带一路”、长江经济带的战略交汇点，是国家确定的“成渝城市群沿江城市带区域中心城市”“全国63个综合交通枢纽之一”“全国50个铁路枢纽之一”；四川省委省政府支持宜宾建设“长江上游区域中心城市、四川南向开放枢纽门户和南亚东南亚和一带一路国家留学生基地”，具有辐射吸纳川滇黔3省8市3700万人的优势。

Located at the strategic juncture of the “Belt and Road” and the Yangtze River Economic Belt, Yibin is a "regional central city of Chengdu-Chongqing metropolitan area along the Yangtze River", "one of 63 comprehensive traffic hubs in China" and "one of 50 railway terminals in China". Relying on the support of the provincial CPC committee and the provincial government in its efforts to build "a regional central city in the upper reaches of the Yangtze River, an open gateway to southern coastal regions and a base for foreign students from South Asia, Southeast Asia and the 'Belt and Road' countries", it can spread its influence across 8 prefecture-level cities in Sichuan, Yunnan, and Guizhou with nearly 37 million people.

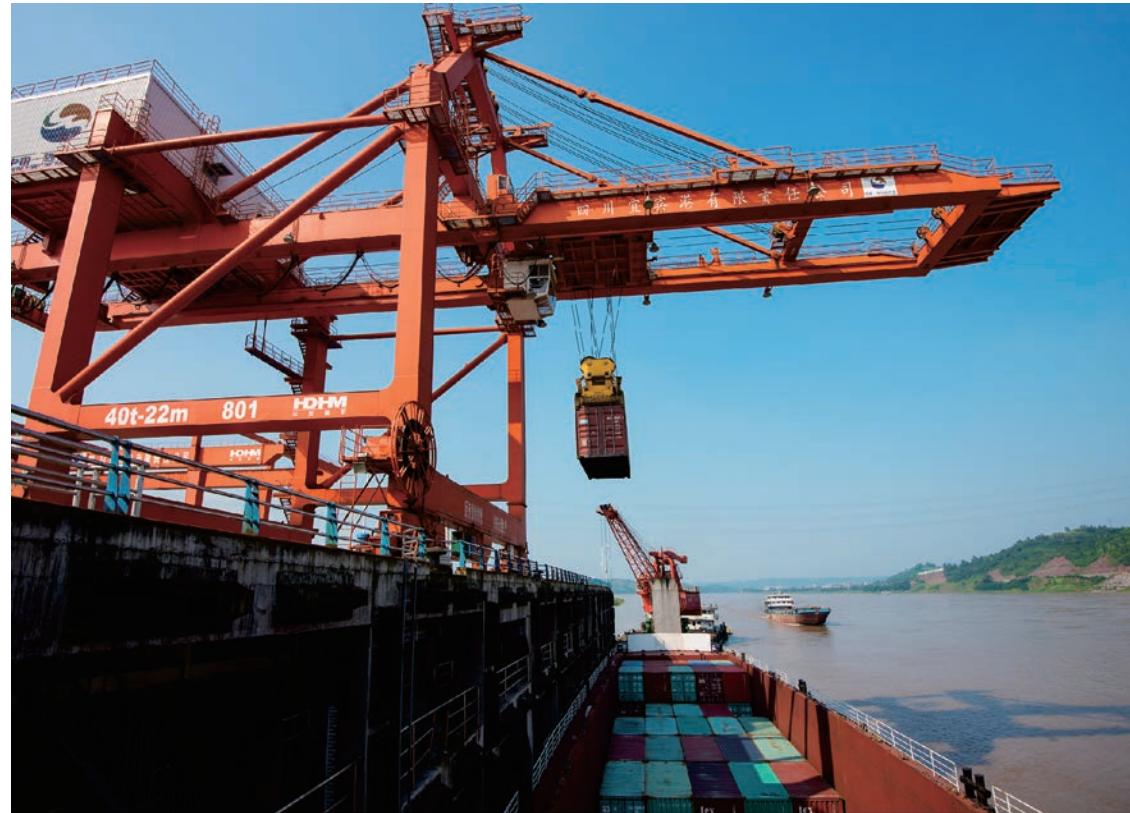

宜宾交通优势好 Convenient traffic network

西南地区除省会城市以外综合交通优势最为凸显的城市；规划建设有11条铁路12条高速；国家“八纵八横”之京昆、兰广在宜交汇，成贵高铁全线通车，北至西安、兰州，南至北部湾，西至贵阳，东至上海、杭州，形成通往珠三角长三角的快速客运通道。渝昆高铁、川南城际高铁开工建设；全长157km的成宜高速2020年通车。

It boasts the most prominent comprehensive transportation advantages only second to the provincial capitals in the southwest region; 11 railway lines and 12 expressway lines are under planned construction; while two national traffic trunk lines ("Beijing-Kunming" and "Lanzhou-Guangzhou") in the national railway network meet here, Chengdu-Guiyang High-speed Railway is open to Xi'an and Lanzhou in the north, Beibu Gulf in the south, Guiyang in the west, and Shanghai and Hangzhou in the east, forming a rapid passenger transport channel to the Pearl River Delta and Yangtze River Delta. The construction of Chongqing-Kunming High-speed Railway and Southern Sichuan Intercity High-speed Railway has kicked-off; the 157km Chengdu-Yibin Expressway will be put in service in 2020.

宜宾港是国家交通运输部唯一明确“长江干支中转港”，是四川最大的综合枢纽港。

Yibin Port is the only “transit port of the Yangtze River's main watercourse” determined by the Ministry of Transport, and also the largest comprehensive pivotal port in Sichuan.

宜宾五粮液机场于2019年12月5日转场运行，已开通19条空中航线。2020年底，力争开通国内航线35个，建设成为区域性航空枢纽。

Yibin Wuliangye Airport, put into operation on December 5, 2019, is now open to 19 air routes. By the end of 2020, it's expected to be open to 35 domestic routes as a regional aviation hub.

宜宾经济基础好 Solid economic foundation

2019年，全市地区生产总值达到2601.89亿元，GDP首次跃居全省第3位，一般公共预算收入和全口径税收均居四川省第2位；规上工业增加值、全社会固定资产投资、社会消费品零售总额、一般公共预算收入等主要经济指标增速“领跑全省”。

2016年以来，紧紧围绕“2021年GDP突破3000亿元，加快建成全省经济副中心”的重大目标，深入实施“产业发展双轮驱动”战略，做大做强传统优势产业，2019年，五粮液集团销售收入突破1000亿元大关；电子信息、汽车、轨道交通、新材料等新兴产业从无到有、强势崛起。

In 2019, its regional GDP reached CNY260.189 billion yuan, ranking top third in the province for the first time, and its general public budget revenue and tax income ranked second in Sichuan Province; main economic indicators such as the added value of industrial enterprises above designated size, social fixed assets investment, total volume of social consumer goods retail sales, and general public budget revenue "outperformed others in the province."

In a move to realize its major goal of "GDP exceeding CNY300 billion in 2021 and accelerating the construction of a provincial economic sub-center" since 2016, it has deeply implemented the "two-wheel drive" strategy to further strengthen traditional advantageous industries. In 2019, Wuliangye Group's sales revenue exceeded CNY100 billion; emerging industries such as electronic information, automobiles, rail transit, and new materials are now on a rising path.

宜宾开放平台好 Well-positioned open platform

宜宾有临港国家级经开区和7个省级经开区、1个省级高新区，即将建成国家高新区；三江新区是四川省首个省级新区；获批国家综合保税区，建成国家临时开放口岸、进境粮食指定口岸；中国（四川）自贸区宜宾协同区挂牌运营；正加快建设空港、水运和铁路口岸。

Yibin has Lin'gang National Economic Development Zone, seven provincial economic development zones, and one provincial high-tech zone (which is about to be built into a national one); Sanjiang New District is the first provincial-level new zone in Sichuan; the National Comprehensive Bonded Zone has been approved, and the national open port and designated port for imported grains have been completed; Yibin Collaboration Area of China (Sichuan) Free Trade Zone has been put into operation; the construction of air port, shipping port and railway port is being accelerated.

宜宾生态质量好 Excellent ecological resources

宜宾是中国优秀旅游城市、中国最佳文化生态旅游城市、四川新五大精品旅游区之一，加快建设长江生态第一城。全市森林覆盖率47%，是长江上游生态屏障的重要支撑，投资312亿元对232公里的三江生态实施综合治理。全市有蜀南竹海、世界地质公园兴文石海等国家级、省级风景名胜34处。

Yibin is an excellent tourist destination and the best cultural& ecological tourist city in China, and one of five new top-quality tourist areas in Sichuan; it's now speeding up the construction of the first ecological city of the Yangtze River. With the forest coverage up to 47%, it serves as a mainstay for the ecological protective screen in the upper reaches of the Yangtze River; an investment of CNY31.2 billion has been injected into comprehensive management of the 232-kilometer ecological zone; there are 34 state-level and provincial-level tourist attractions such as Southern Sichuan Bamboo Sea, and Xingwen Stone Forest.

宜宾营商环境好 Satisfactory business environment

宜宾出台了支持电子信息、汽车、轨道交通、先进材料、白酒等产业发展的若干政策，在企业落户、生产经营、技术创新等方面给予扶持，可享受向家坝水电站国家留存电价、税收分成等政策；组建总规模200亿元的新兴产业投资基金，有金融机构28家，居四川省第3位，融资成本低；确立“终身保姆式、贴身管家式、私人定制式”服务理念。

Yibin has issued a number of policies to support the development of electronic information, automobiles, rail transit, advanced materials, liquor and other industries in terms of registration, production and operation, technological innovation, etc; it also enjoys the preferential policy of sharing tax and retaining electricity generated by Xiangjiaba Hydropower Station; an emerging industry investment fund with a total scale of CNY20 billion yuan has been established; 28 financial institutions, ranking third in Sichuan, could lower down the financing costs; it has streamlined its administration procedures by tailor-made, one-stop service concept.

宜宾科教支撑好 Strong support from sci-tech education

宜宾是全国首批西南唯一国家产教融合试点城市，全省唯一“产学研教产城一体化试验区”；已与18所大学签订战略合作协议，中国人大大学长江经济带研究院、宜宾同济汽车研究院等12所产研院运行，今年建成高校将达到11所，在校大学生增至5.7万人，留学生700人并居四川省第二位，2021年全市高校大学生将达到10万人。宜宾同济汽车研究院等11所产研院、邓中翰院士工作站、清华启迪控股等科研团队、智能终端四川省重点实验室正式成立和入驻运行，清华大学欧阳明高院士唯一工作站将落户。

Yibin is the only "Integrated National Pilot Area for Industry, Education, Teaching, Research and Urban Development" in the first batch of national pilot cities in southwestern region; it has signed strategic cooperation agreements with 18 universities; 12 research institutions such as the Yangtze River Economic Belt Research Institute of Renmin University of China, and Yibin Tongji Automobile Research Institute, are running here. There will be 11 universities and colleges this year, with an enrollment of about 57,000 college students and 700 international students, taking the second place in Sichuan. By 2021, there will be 100,000 undergraduates; 11 scientific research institutions including Yibin Tongji Automobile Research Institute, Academician Deng Zhonghan's Workstation, TUS-Holdings and the Intelligent Terminal of Sichuan Key Laboratory, have started operation. The single workstation of Academician Ouyang Minggao from Tsinghua University is about to run here.

新兴产业

Emerging industries

◎ 电子信息产业

Electronic information industry

截至目前，宜宾签约智能终端项目185个、协议总投资500亿元以上；极米、朵唯、苏格、邦华、康佳等106户企业投产投运，预计今年实现产值180亿元，销售收入175亿元，全部达产后预计年总产值超1500亿元，创造就业岗位8万余个。

Up to now, 185 intelligent terminal projects, with a total investment of more than CNY50 billion, have been concluded; 106 enterprises, such as XGimi, DOOV, Suege, BOWAY and Konka, have begun operation; it is expected to achieve an output of CNY18 billion and a sales revenue of CNY17.5 billion this year; the total annual output is expected to exceed CNY150 billion, and more than 80,000 job opportunities will be created after full-load production.

◎ 汽车产业
Automobile industry

宜宾已建成9万平方米的总装厂房，实现宜宾凯翼汽车、奇瑞（宜宾）新能源汽车总装首车下线，成为四川省首个拥有轿车、SUV、MPV三大类乘用汽车生产资质的城市，全面达产后可实现年产值500亿元。宜宾凯翼汽车智慧工厂一期占地973.3亩，总投资37亿元，年规划产能15万辆，目前四大工艺生产线全面建成投用，并于2019年12月24日竣工投产，新车成功下线。引进了新能源汽车动力电池行业龙头——宁德时代，在宜投资100亿元建设30GWh的中国西部新能源产业基地。

Yibin has built a 90,000-m² assembly plant, hence Yibin Cowin Auto and Chery Yibin Branch New Energy Automobile Assembly have rolled off its line, making it become the first city in Sichuan with the production qualifications of passenger car, SUV and MPV. It can achieve an annual output of CNY50 billion after full-load production. The first phase of Cowin Auto Smart Factory covers an area of 64.89 ha. with a total investment of CNY3.7 billion yuan and an annual planned capacity of 150,000 vehicles. Four production lines have been fully completed and put into use since December 24, 2019. CATL, the leader in the NEV power battery industry, has been introduced to pour CNY10 billion investment on the construction of 30GWh western China new energy industry base in Yibin.

◎ 轨道交通产业
Rail transit industry

引进行业龙头——中国中车，总投资30亿元在宜建设智能轨道快运系统大西南最大产业基地，全面达产后可实现年产值300亿元；我国自主首创的城市轨道交通制式——智能轨道T1示范线于2019年12月5日在宜宾全线运营。

The industry leader—CRRC, has been introduced to build the biggest industry base of intelligent rail transit system in southwestern region, with a total investment of CNY3 billion, which can achieve an annual output value of CNY30 billion after full-load production; China's independent urban rail transit system--intelligent rail T1 demonstration line was kicked-off in Yibin on December 5, 2019.

◎ 新材料产业
New materials industry

目前，全市新材料重点生产企业有20家，涵盖高端金属结构材料、醋酸纤维、高性能生物基纺织材料、高性能特种纤维、复合材料等产业项目。2019年，新材料产业实现总产值约133.7亿元；2021年，力争实现总产值500亿元以上，成为西南新材料产业特色基地。2019年11月28日，全球最大的永磁铁氧体和软磁材料生产企业——横店东磁收购宜宾金川电子，项目总投资5亿元建设永磁铁氧体、软磁铁氧体等产品生产线，达产后预计实现年销售收入4.3亿元。2019年12月24日，中国西部最大的锂电产业基地——四川时代动力电池项目开工。

At present, there are 20 key manufacturers of advanced materials in Yibin, covering high-end metal structural materials, acetate fibers, high-performance bio-based textile materials, high-performance special fibers, composite materials and other industrial projects; in 2019, the new material industry achieved a total output value of about CNY13.37 billion yuan; in 2021, it will strive to achieve a total output value of more than CNY50 billion yuan, and a characteristic base of new material industry in Southwest China will be established. On November 28, 2019, DMEGC—the world's largest manufacturer of permanent ferrite and soft magnetic materials, acquired Yibin Jinchuan Electronics, and put CNY500 million to build the production lines for permanent ferrite and soft ferrite. After full-load production, it is expected to realize an annual sales income of CNY430 million yuan. On December 24, 2019, Sichuan CATL Battery Project—the largest lithium battery industrial base in western China, started construction.

◎ 通用航空产业
General aviation industry

2021年，力争引进3家机场建设企业，2家无人机研发制造企业，4家通用航空零部件研发制造企业，通用航空产业实现总产值超过100亿元。

In 2021, Yibin will try to introduce three airport constructors, two UAV R&D enterprises and four general aircraft spare parts R&D enterprises, with the total output exceeding CNY10 billion.

◎ 节能环保产业
Energy-saving and environmental protection industry

规划2021年引进产值超亿元的节能环保企业5家以上，产值超10亿元的龙头企业1—2家，年产值增长速度达25%，年产值超过80亿元，成为四川省能源开发及节能技术装备四川示范基地、川滇黔三省结合部环保技术产品和装备基地、节能环保服务业川南分中心、四川生物发酵酿造行业资源综合利用示范中心。

By 2021, it will try to introduce over 5 energy-saving and environmental protection enterprises with an output of CNY100 million, and 1–2 leading enterprises with an output of CNY1 billion, realizing an annual growth up to 25% and an annual output over CNY8 billion. Then, it will become a demonstration base of energy development and energy-saving equipment in Sichuan, an environmental protection equipment base at the juncture of Sichuan, Yunnan and Guizhou, an energy-saving and environmental protection sub-center in southern Sichuan and a demonstration center of comprehensive utilization of bio-fermentation resources in Sichuan.

◎ 医药产业
Medical and health industry

宜宾正加快建成以南溪经开区为中心的四川省医用卫生应急产业基地和四川省卫生应急物资储备基地（储备中心），形成集研发、生产、储备、交易、检测五大功能为一体的医用卫生应急产业基地、区域应急救治中心、卫生应急储备中心，构建综合应急防控体系。规划2022年实现产值100亿元。

Focusing on Nanxi Economic Development Zone, Yibin is accelerating the construction of Sichuan Medical Hygiene Emergency Industry Base and Sichuan Medical Hygiene Emergency Material Reserve Base (Reserve Center), so as to form a comprehensive emergency prevention and control system, which is composed of medical health emergency industry base, regional emergency treatment center, and health emergency reserve center integrating five functions of R& D, production, storage, trading and testing. It is planned to realize an output value of CNY10 billion yuan in 2022.

◎ 页岩气产业
Shale gas industry

宜宾页岩气资源丰富，资源量2万亿立方米以上，是四川长宁—威远、滇黔北昭通两个国家级页岩气示范区和四川省川南地区页岩气勘查开发试验区的重点开发地区。目前勘探开发区域在珙县、兴文县、筠连县、叙州区、高县、江安县等地，主要开发企业为四川长天天然气开发有限公司和中石油浙江油田分公司。规划2020年页岩气产能达70亿立方米，约占全国1/5；2021年力争产能达80亿立方米，建成全国主要的页岩气生产基地之一。

Yibin is endowed with over 2 trillion m³ shale gas resources, making it a core area of two national shale gas demonstration zones: Changning–Weiyuan and Northern Guizhou–Zhaotong, Yunnan, as well as a shale gas exploitation& development pilot area in southern Sichuan. The shale gas exploitation is mainly concentrated in Gongxian, Xingwen, Junlian, Gaoxian and Jiang'an Counties and Xuzhou District. Major developers include: Sichuan Changning Natural Gas Development Co., Ltd. and PetroChina Zhejiang Oilfield Branch. The annual production capacity of shale gas is expected to reach 7 billion cubic meters by 2020, accounting for 1/5 across the state, and 8 billion cubic meters by 2021, making it one of major shale gas production bases in China.

◎ 竹产业和绿色食品加工业 Bamboo and green food industry

宜宾拥有竹林面积341.2万亩，约占全省竹林面积的1/5，居全省第一；被称为中国“竹荪之乡”；2020年，全市竹林面积350万亩，将大力发展竹制品、竹食品、竹浆、竹建材、竹文化等产业，实现竹产业年产值达到300亿元以上。已形成白酒、茶叶、肉制品、竹食品、豆制品等特色农产品加工产业；大力推动“宜宾燃面”等特色传统名优小吃工业化、规模化发展；2021年，力争全市实现绿色产品加工总产值700亿元。

Yibin has a bamboo forest area of 227,467 ha., accounting for 1/5 and ranking top first in Sichuan. Hence it's hailed as the hometown of bamboo shoots of China. By 2020, it will make efforts to develop bamboo products, bamboo food, bamboo pulp, bamboo building materials and culture, realizing the total bamboo forest area of 233,333 ha.. In this way, the annual output of the bamboo industry will reach over CNY30 billion in 2020. Now, a featured agricultural products processing industry covering liquors, teas, meat, bamboo and bean products has been shaped. It also proactively develops its featured traditional, famous snacks including "Yibin Burning Noodle". In 2021, the total output of its green food processing is likely to reach CNY70 billion.

新兴产业支持政策

Supportive policies for emerging industries

序号	政策名称	扶持领域	企业用电用气支持
1	支持智能终端产业发展政策	鼓励企业入驻、支持企业做强做大、提升企业创新能力、提供企业发展要素保障。	
2	支持新能源汽车产业政策	支持企业落户、支持企业创新、提供要素保障、车辆购置及充电桩设施建设。	
3	支持汽车产业发展壮大政策	产业基地支持政策、技术研发与产业化支持政策、应用推广政策。	
4	支持轨道交通产业发展政策	鼓励企业入驻政策、支持企业做强做大政策、支持企业提升创新能力政策、提供要素保障。	
5	支持通用航空产业发展政策	鼓励企业入驻、支持企业做强做大、提升企业创新能力、提供要素保障。	
6	支持新材料产业发展政策	鼓励企业入驻、支持企业做强做大、提供要素保障。	
7	支持节能环保产业发展政策	扶持范围、资金政策、人才政策、土地政策、提供要素保障。	
8	支持页岩气产业发展政策	推进产能建设、鼓励发展产业链、支持企业创新、提供要素保障。	
9	支持竹产业发展政策	支持竹林基地建设、支持特色小镇和特色村建设、支持竹产品精深加工、支持竹产业园区建设、支持竹木工艺发展和竹文化培育、支持竹产品市场营销体系建设、支持人才队伍建设和技术创新创造。	

S/N	Policies	Supported sectors	Support in electricity/gas supply
1	Policy for supporting the development of intelligent terminal industry	Encourage the development and growth of incoming enterprises, enhance their innovation capability, and provide supportive elements to the development of enterprises.	
2	Policy for supporting the development of NEV industry	Encourage the development and innovation of incoming enterprises, and provide supportive elements in vehicle purchase and recharging infrastructure construction	
3	Policy for supporting the development and growth of automobile industry	Support the development of industrial bases, the technological R&D and industrialization as well as application and promotion.	
4	Policy for supporting the development of rail transit industry	Encourage the development and growth of incoming enterprises, assist them in beefing up innovation capability, and provide supportive elements	
5	Policy for supporting the development of general aviation industry	Encourage the development and growth of incoming enterprises, enhance their innovation capability, and provide supportive elements.	
6	Policy for supporting the development of new materials industry	Encourage the development and growth of incoming enterprises, and provide supportive elements.	
7	Policy for supporting the development of energy-saving and environmental protection industry	Scope of support, capital policy, talent policy, land use policy to provide supportive elements.	
8	Policy for supporting the development of shale gas industry	Promote the capacity-building, encourage the development of industrial chains and enterprise innovation, and provide supportive elements.	
9	Policy for supporting the development of bamboo industry	Support the construction of bamboo forest bases and characteristic towns& villages, support the deep processing of bamboo products, the construction of bamboo industrial parks, the development of bamboo crafts and culture, support the construction of marketing systems for bamboo products, the building of talent teams and technology innovation and creation.	For newly-introduced industrial enterprises with fixed assets investment of CNY50 million or above and newly-introduced green food & bamboo processing enterprises with fixed assets investment of CNY20 million or above, once the project is completed and put into production, the electricity supply price is CNY0.45 yuan/kwh (CNY0.42 yuan/kwh for Pingshan County to support the development of incoming industries). Government subsidy is granted for the price difference, with the max. subsidy up to CNY0.2 yuan/kwh. The maximum subsidy for an enterprise is not more than CNY10 million yuan in the current year; the gas supply price is CNY2.07 yuan/ cubic meter; government subsidy is granted for the price difference, with the max. subsidy up to CNY0.3 yuan/cubic meter; and the maximum subsidy for an enterprise is not more than CNY10 million yuan in the current year.

	现代服务业	现代物流、国际贸易（综合保税）、科技教育	
五粮液产业园区	食品饮料	名优白酒、果酒、保健酒及相关食品饮料	五粮液产业园区
翠屏区工业园区	电子信息	1. 通信设备及零部件 2. 智能消费设备及零部件	宋家功能区 (双谊、惊雷园 辅以特色农产品、 金属复合新材料)
	节能环保装备	1. “三废”处理设备 2. 节能装备	
四川宜宾南溪经济开发区	食品饮料	1. 白酒 2. 肉类加工及豆制品	九龙功能区 (辅以造纸)
	医药器械	1. 医疗器械、耗材 2. 医药制品	罗龙功能区 (辅以装备制造、化工)

园区名称	主导产业	重点领域	承载地及辅助产业
宜宾高新技术产业园区 (叙州园)	汽车零部件	1. 汽车零部件及配件 2. 新能源汽车配套设备 3. 机械器件加工	高捷功能区
	新材料	1. 核燃料及组件 2. 以樟油生产、加工为主的林产化工	
	食品饮料	1. 白酒、啤酒 2. 粮油食品	
江安县工业园区	新能源电池材料	1. 先进锂材料 2. 先进电极、电解液、隔膜等材料	阳春坝功能区 (辅以化工)
	竹木制品	1. 竹木型材及家具 2. 竹木工艺品及生活用品	宋家坝功能区
四川长宁经济开发区	食品饮料	1. 竹食品 2. 白酒	双河功能区
	精细化工	1. 生物医药及原料药 2. 化学纤维及配套产业、印染、茧丝绸	贾村、福溪功能区 (辅以基础化工)
四川筠连经济开发区	现代中医药	1. 中药饮片、制剂及中医创新、改良药 2. 生物体原料提取药及功能性化妆品	海瀛功能区 (辅以医药化工； 巡司辅以 LNG、 CNG 能源化工)
四川珙县经济开发区	绿色建材	1. 特种陶瓷、玻璃及衍生品 2. 新型墙体材料及装配式建筑	余箐功能区 (辅以表面处理)
四川兴文经济开发区	文旅产品	1. 特色农产品加工 2. 民族服饰、旅游、文创产品等	太平功能区 (辅以 LNG、 CNG 能源化工)
四川屏山经济开发区	纺织服装	1. 高端纺纱（含纺丝）、织布 2. 服装、日用品、专业防护用品等	石盘、王场功能区 (宋家坝辅以 化工新材料)

Industrial Parks of Yibin (economic development zones, high-tech park and industrial parks)

Catalogue of Industrial Layout and Positioning

Name of Parks	Leading industry	Important fields	Location and supportive sectors
Lin'gang economic and Technological Development Zone	Electronic information	Mobile phones and other communication equipment Computer and smart consumer equipment Next-generation information technologies covering big data, cloud computing and AI Electronic components, devices	Core area of Lin'gang
	Automobile	Passenger vehicles, commercial and special vehicles Key components of power, driving, parking and other systems "EIC system" and other NEV core parts	
	Rail transit	Smart trolleybus and spare parts Other standard vehicles and parts	
	New materials	Electronics-specific advanced materials Fuel cell's advanced materials	
	Modern services	Modern logistics, international trade (comprehensive bonded), sci-tech education	
Wuliangye Industrial Park	Food and beverage	Famous liquor, fruit wine, healthcare wine and related food& beverage	Wuliangye Industrial Park
Cuiping Industrial Park	Electronic information	Communication equipment and spare parts Smart consumer equipment and spare parts	Songjia Function Area (Shuangyi, Jinglei parks supported by special agricultural products, metal composite new materials)
	Energy-saving and environmental-friendly equipment	Disposal facilities of "three wastes" Energy-saving equipment	
Nanxi Economic Development Zone, Yibin, Sichuan	Food and beverage	Liquor Meat processing and soy products	Jiulong Function Area (supported by papermaking)
	Medical instrument	Medical instrument and consumables Medical products	Luolong Function Area (supported by equipment manufacturing, chemicals)

Name of Parks	Leading industry	Important fields	Location and supportive sectors
Yibin High-tech Industrial Park (Xuzhou Park)	Auto spare parts	Auto spare parts and accessories NEV supporting equipment Equipment parts machining	Gaojie Function Area
	New materials	Nuclear fuel and components Forestry chemicals mainly based on camphor oil production and processing	
	Food and beverage	Liquor, beer Cereals & oil food	
Jiang'an County Industrial Park	New energy battery materials	Advanced lithium materials Advanced electrodes, electrolytes, and membrane materials, etc	Yangchunba Function Area (supported by chemicals)
	Bamboo products	Bamboo profiles and furniture Bamboo and wood crafts and daily necessities	Songjiaba Function Area
Changning Economic Development Zone, Sichuan	Food and beverage	Bamboo food Liquor	Shuanghe Function Area
	Fine chemicals	Biomedicine and APIs Chemical fiber and supporting sectors, printing& dyeing, cocoon silk	Jiacun, Fuxi Function Areas (supported by basic chemicals)
Junlian County Economic Development Zone, Sichuan	Modern TCM	Chinese herbal slices, preparations as well as innovative and modified medicines Biological raw material extractions and functional cosmetics	Haiying Function Area (supported by pharmaceutical chemicals; Xensi supported by LNG, CNG energy chemicals)
Gongxian County Economic Development Zone, Sichuan	Green building materials	Special ceramics, glass and derivatives New wall materials and prefabricated buildings	Yuqing Function Area (supported by surface processing)
Xingwen Economic Development Zone, Sichuan	Cultural tourism products	Featured agricultural products processing Ethnic costumes, tourism, and creative products, etc	Taiping Function Area (supported by LNG, CNG energy chemicals)
Pingshan Economic Development Zone, Sichuan	Textile and garment	High-end spinning (incl. spinning), weaving Clothing, daily necessities, professional protective equipment, etc	Shipan, Wangchang Function Areas (Songjiaba supported by chemicals, new materials)

园区概况

Overview

◎ 临港经济技术开发区

Lin'gang Economic and Technological Development Zone

- 成立于2009年12月，规划面积283平方公里。宁德时代、康佳、苏格、朵唯、极米、中星、得润、领歌、中车、凯翼等强势入驻，在全国219家国家级经开区中，综合评价排名第43位，四川省内排名第3位。

Founded in December, 2009, with a planning area of 283km², it has attracted many industrial leaders including: CATL, Konka, Suge, DOOV, XGimi, Zhongxing, Deren, Leagoo, CRRC and Cowin Auto. It ranks 43th amongst 219 nationwide state-level economic development zones, and 3rd in Sichuan in the comprehensive rating.

◎ 五粮液产业园区

- 规划面积18平方公里，是以酿酒生产为主导产业，集特色生态、文化体验、工业旅游于一体的国际一流化产业园区。2019年，园区企业五粮液品牌价值为1638.12亿元。

With a planning area of 18 km², it will be built into an internationally first-rate industrial park that combines featured ecology, cultural experience, industrial tourism under the drive of liquor brewing. In 2019, the brand value of WULIANGYE reached CNY163.812 billion.

◎ 翠屏区工业园区
Cuiping Industrial Park

➤ 成立于2014年10月，2016年10月开工建设，整体规划面积36km²，一期占地面积8km²，覆盖翠屏区宋家镇、李庄镇16个行政村，规划范围内人口4.62万人。到2021年，力争建成5平方公里，工业总产值实现500亿元。

Founded in October 2014, its construction kicked off from October 2016, with a total planning area of 36km², including 8km² in the Phase 1. It covers 16 administrative villages in Songjia Town and Lizhuang Town, Cuiping District, with a population in the planning scope up to 46,200. By 2021, it will strive to complete the construction of 5km² and achieve a total industrial output of CNY50 billion.

◎ 四川宜宾南溪经济开发区
Nanxi Economic Development Zone, Yibin, Sichuan

➤ 成立于2007年，2019年1月，被省政府批准为省级经济开发区，10月正式揭牌，是宜宾唯一市区共建共管工业园区，已形成“一区三园”发展格局（罗龙产业园、九龙产业园、裴石产业园），建成面积10.1平方公里，先后引进了湖北劲牌酒业、国药集团宜宾制药等307家企业，其中规模以上工业企业88户，全年实现营业收入365亿元，同比增加20.8%，正积极打造千亿级产业园区，争创国家级经济开发区。

Founded in 2007, and approved as a provincial-level economic development zone by the provincial government in January 2019, it is the sole industrial park jointly constructed and administered by the municipal and district governments. Following the development pattern of "one zone and three parks" (Luolong Industrial Park, Jiulong Industrial Park and Peishi Industrial Park), its built-up area is 10.1km². 307 enterprises, such as Hubei Jinpai Wine Co., Ltd., Sinopharm Group Yibin Pharmaceutical Co., Ltd, have successively been introduced, including 88 industrial enterprises above the designated size, and annual operation revenue of RMB 36.5 billion was registered, with a YoY growth of 20.8%. It will strive to build a CNY100 billion-level industrial park and a national-level economic development zone.

◎ 宜宾高新技术产业园区（叙州园） Yibin High-tech Industrial Park (Xuzhou Park)

▶ 于2009年开始建设，采用“一区多园”区和园乡（镇）联动模式，由高捷园、城北园、豆坝园、盐坪坝产业园区组成，规划面积45.03平方公里，集聚了中核建中、丝丽雅、嘉士伯啤酒、长虹红星电子等700多户企业；紧邻岷江、金沙江“黄金水道”和宜宾机场，与渝昆高速、乐宜高速、宜宾绕城高速、成贵高铁、内昆铁路连接，区位优势和交通优势明显。

Constructed from 2009, it consists of Gaojie, Chengbei, Douba and Yanpingba Industrial Parks based on an interconnected pattern with a planning area of 45.03km². 700 enterprises, such as CNNC Jianzhong, Grace, CARLSBERG, Changhong Yibin Red-star Electronics Co., Ltd, have shifted to this Park. Located close to the Minjiang River and the Jinsha River "golden waterway" and Yibin Airport, it is connected with Chongqing-Kunming Expressway, Leshan-Yibin Expressway, Yibin Ring Expressway, Chengdu-Guiyang High-speed Railway and Neijiang-Kunming Railway with obvious geographical and traffic advantages.

◎ 江安县工业园区 Jiang'an County Industrial Park

▶ 始建于2005年底，总体规划面积35平方公里。其中，5平方公里是生活配套服务区；是以新能源、新材料为主导，竹加工和绿色食品加工为特色的“2+2”产业布局区，重点发展“新能源电池材料”产业，是宜宾市重点建设的4个千亿园区之一。目前，已入驻天原海丰、宁德时代、琦丰绿色能源等125家企业。

It was constructed from the end of 2005, with an overall planning area of 35km², including 5km² for the supporting life service area. It adopts a "2+2" industrial layout dominated by new energy and new materials, and featured by bamboo processing and green food processing, focusing on developing "new energy battery material"; and it is one of four CNY100 billion-level parks in Yibin. At present, 125 enterprises, such as Tianyuan Haifeng, CATL, Qifeng Green Energy, have moved here.

◎ 四川长宁经济开发区
Changning Economic Development Zone, Sichuan

▶ 园区地处成渝经济圈和川滇黔结合部，成立于2008年6月，总规划面积27.97平方公里。分为古河-开佛-宋家坝功能区和双河竹类绿色食品功能区，是四川省“十二五”新增二十家省级开发区培育发展地之一、省级新型工业化产业示范基地之一、是省级循环经济示范区，是宜宾市重点推进产业园区、宜宾市“两化”互动示范园区。2019年1月，成功创建为省级经济开发区。

Founded in June 2008, it is located in Chengdu-Chongqing Economic Circle and the juncture of Sichuan, Yunnan and Guizhou, with a total planning area of 27.97km². It is divided into Guhe-Kaifo-Songjiaba Function Area and Shuanghe Bamboo Green Food Function Area; it's one of 20 new provincial-level development zones during the "12th Five-year Plan", one of provincial-level new industrial demonstration bases, a provincial-level circular economy demonstration base, a key industrial park in Yibin and a "new industrialization and urbanization" demonstration park in Yibin. It was successfully built into a provincial-level economic development zone in January 2019.

◎ 四川高县经济开发区
Gaoxian County Economic Development Zone, Sichuan

▶ 规划总面积23.07平方公里，园区采用“一园三区”（福溪功能区、庆符功能区和贾村功能区）的布局模式，是川南产业承接基地、能源转化基地，是宜宾市重点打造的产业园区、四川省重点培育的百亿工业集中区。

With a total planning area is 23.07km², this Zone adopts a layout pattern of "one park and three areas" (Fuxi Function Area, Qingfu Function Area and Jiacun Function Area). It is an industrial base and an energy conversion base in southern Sichuan, a prioritized industrial park of Yibin, and a CNY10 billion-level industrial concentration area incubated by Sichuan Province.

◎ 四川筠连县经济开发区

Junlian County Economic Development Zone, Sichuan

- 始建于2007年，于2018年9月获批省级经济开发区，规划面积为1333.91公顷，分为海瀛、巡司和镇舟三个功能区，是宜宾市确定的“两点一走廊”经济园区发展格局中重要组成部分；将建设成为发展优势特色产业集中区、吸引投资的集聚区、创新发展的先导区和循环经济示范区。

Constructed from 2007, and approved as a provincial-level economic development zone in September 2018, with a planning area of 1,333.91ha., the Zone includes Haiying, Xunsi and Zhenzhou Function Areas, as an important part of the development pattern of "two points -one corridor" economic parks determined by Yibin. It will be built into a concentration area for attracting investment to develop advantageous and featured industries, a pilot area for innovative development and a circular economy demonstration area.

◎ 四川珙县经济开发区

Gongxian County Economic Development Zone, Sichuan

- 规划面积27.5平方公里，2018年升级为省级经济开发区，并列入四川省“绿色建材”特色产业基地。到2021年，预计园区入驻企业突破100户，工业总产值突破200亿元；其中规模以上企业达60户，产值突破160亿元。

With a planning area of 27.5km², this Zone was upgraded into the provincial-level economic development zone in 2018, and incorporated into "green building material" characteristic industry base in Sichuan Province. By 2021, it is anticipated that more than 100 enterprises will shift into it, and the gross industrial output value will exceed CNY20 billion; of which there will be 60 enterprises above the designated size, with the output value of more than CNY16 billion.

◎ 四川兴文经济开发区
Xingwen Economic Development Zone, Sichuan

- 是川南唯一一个民族工业园区，总体规划面积为26.2平方公里，其中核心区20平方公里。目前，园区已建成面积2.32平方公里，到2021年，建成面积将达到6平方公里。项目承载能力及配套服务功能明显提升，入驻企业发展态势良好。

It is the sole national industrial zone in Southern Sichuan, with an overall planning area of 26.2km², where the core area is 20km². At present, the built-up area is 2.32km², and it will reach 6km² by 2021. This Zone has a stronger capability to initiate more projects with improved supportive services, and the incoming enterprises maintain a good momentum.

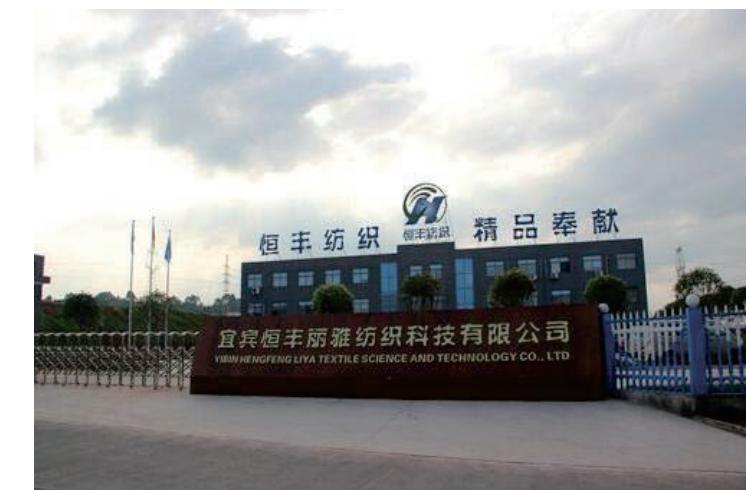

◎ 四川屏山经济开发区
Pingshan Economic Development Zone, Sichuan

- 总规划面积10平方公里，分设石盘、宋家坝、王场三个产业功能区，是四川省生物基纺织特色产业基地、全国纺织产业转移示范园区、浙川纺织产业扶贫协作示范园区。已入驻恒丰、浪莎、天之华、优格食品等知名企业50余家；园区交通便利，产业配套，要素成本低廉，工业用电享受0.37–0.45元/千瓦时的“留存电”特殊扶持政策。

It includes Shipan, Songjiaba and Wangchang Functional Zones, with an overall planning area of 10km², serving as a Bio-based Textile Characteristic Industrial Base of Sichuan, a National Textile Industry Transfer Demonstration Park, and Zhechuan Textile Industry Poverty Alleviation Demonstration Park. Over 50 famous enterprises, such as Hengfeng, Langsha, Tianzihhua, Youge Food, have started operation here. This Zone has convenient traffic conditions, supporting facilities, and low element costs, for example, commercial power enjoys special policy subsidy of CNY0.37–0.45/kWh "retained power".
